President's News March 2025

Welcome back members! The first news letter of the year, means the club is opening soon (March 7th for dining) and we can't wait to see everyone back at LCC! This year is going to be extra special. If you've lived under a rock and haven't heard yet, this is our 100th anniversary as a club! We literally could not have done it without each and every one of you. You have all been an integral part of LCC over the years and continue to help make it better and better every single year! We are unbelievably excited to show you what we have been up to this off season! The board and our amazing staff have been incredibly busy to make this season very exciting with special golf and social events, renovations to the clubhouse and so much more!

The board's objective this year is to start updating our infrastructure. We have updated the course over the last couple years and have finally reached a point that we feel the course is in a good spot so we shifted our focus to the clubhouse. Unfortunately, some of the major updates aren't visible to the naked eye, but I assure you they were done for the betterment of the club, in-order to set us up for another 100 years. Some of the updates behind the scenes are; complete overhaul of our well, water holding tanks and filter system, replacement of two upright coolers for the kitchen, new network system for the club and lastly a surge protection system for the entire club. Over the past year we have been experiencing major surges in electricity damaging several units within the clubhouse and our well system. We are working with West Penn Power to resolve that issue and have installed a surge protection system to ensure this issue won't happen again. This update was done to protect the club and also bring it up to date to help ensure the longevity of the club. Thanks to Sammy Nicklow, our House Chairman and Vice President, we were able to update our well system. Our water holding tanks had deteriorating electrical systems within it's pump and filtration systems and were in desperate need of repair. We completely overhauled that electrical system making it more reliable to help eliminate down time. Two of our upright coolers in the kitchen have been limped along and retro fitted for many years until they couldn't limp anymore. The decision was made to replace those to help eliminate food waste and extra expenses trying to fix out of date equipment.

We have also updated a lot within the clubhouse that you will be able to see! First, upon arrival at the club, you will notice a new vestibule inside our front doors. The board, Bill Elliott and staff have all done a tremendous job updating this area! Moving past the vestibule, you'll notice lots of changes to the dining room and grill room. We feel these updates will make both rooms more comfortable for everyone and encourage people to hang out and enjoy their club even more! I don't want to share too much and ruin the surprise! You'll have to see it for yourself! Lastly, you'll notice we updated the bathrooms with all new Dyson Air Hand Dryers. We wanted to do this to cut down on our paper towel consumption and costs. This was part of a big push by the board to continue to update the club and make it more efficient for many years to come!

The board recently went over the clubs rules and regulations and selected a few key points that we would like to reinforce with the membership:

- Lightning Warning is #1 first and foremost. Everyone's safety takes precedence over all else.
 - Shirt MUST be tucked in when on the golf course.
- Absolutely ZERO outside alcoholic beverages and coolers.
 - Pace of Play must be observed.

Upon entering the proshop, every single player will be handed these bullet-points every single time to continue to remind members and guests alike of our key rules and regulations. These are non-negotiable. I can not stress enough, how incredibly important it is that we can not have outside alcoholic beverages and coolers at the club. Our liquor license depends on it. If we lose our liquor license, we lose the club and can't survive to see the next 100 years. The full updated rules and regulations will be available soon on the website under Membership > [Rules](#).

Clubhouse Updates *Sammy Nicklow*

Hello to all members and welcome back! As Jimmy Sarver has pointed out in his report. It's been another busy offseason. Not all improvements have been flashy but have been necessary. We have done our best to try and keep moving forward and upgrading the club. I would like to take a few minutes to share some of the changes made in preparation for the 100th Anniversary.

This year as you enter the club you will notice a newly renovated Vestibule. This gave way to showcase the club's history. As you look to the left you will see the blueprint of the club's original 9 holes surrounded by photos of the club's history. We also added a display case for a few of the artifacts we have been able to preserve. We will be changing these items throughout the year. If anyone has any items, and they would be willing to loan or donate please feel free to reach out to Karen Hough or Myself.

We also have made a few changes to the dining area. The introduction of the 1925 Room. This will serve as a larger space for more casual dining and provides a quieter dining experience than the Grill Room with the same great views. There's also been upgrades in the Grill Room with more casual seating. With all these changes we wanted to make sure we still accommodate anyone wishing to have a formal dining experience. This will be available in the ballroom.

More exciting news for the 100th anniversary. We have teamed up with some local businesses, All Saints Brewing, Winslow Winery and Redcoat Cigar Company. All Saints has made the club a custom Ligonier Cc Lager. This will be available on tap in the Grill Room and at All Saints Brewery. We will have two 100th Anniversary wines from Winslow Winery and select Cigars from Redcoat Cigar Company to commemorate this year. Please keep an eye on the upcoming specials this year, these will be changing throughout the year. As you may have noticed, in 2024 we were able to allocate some of the rarer Bourbons. With that we will be offering bourbon flights this year.

Here's to kicking off the 100th Anniversary at Ligonier Country Club!

From the Social Committee

Once again, the Social Chair, Board of Directors and the Management team have been hard at work to create a calendar full of social and golf activities for your enjoyment.

This year is more special because we are celebrating our 100th Anniversary!

As we set the tone for the 1920s here are a couple terms to become familiar with:

- **Prohibition** - the period from 1920 to 1933 in the U.S. when the manufacture, transportation, and sale of alcoholic liquors was prohibited.
- **Speakeasy** –Speakeasies served as underground, secret establishments where Americans still seeking spirits could indulge. Just be sure to “speak softly” when approaching the Speakeasy.

Our Member-Member this year takes us back to the years of Prohibition and where you'll have to enter the Speakeasy and indulge in a beverage of the era:

- Gin Rickey
- The Bee's
- Knees Old Fashioned

Once you're safely inside the Speakeasy, you will be able to gamble in Casino and then dance to the Charleston and The Shimmy while listening to the tunes of the 1920s.

Don't know how to dance the Charleston or The Shimmy?

Join us on July 17th as together we learn how to dance the Charleston the Shimmy and other dances of the era!

Cocktail time and munchies will be part of he fun!!
